This can also be made available in large print, Braille, or on CD or audio tape

The Seaside View Child Development Centre is part of the Children & Families' Integrated Children's Development & Disability Service. This city-wide service works with children who have a range of developmental needs.

What can you expect from the service?

- Assessment, which may include diagnosis, investigation and treatment and early intervention based on a child and family's individual needs.
- A flexible and responsive service committed to working in partnership with parents/carers and children and young people.
- High quality information and support at the earliest opportunity, to plan together with families to meet their needs.

How can a child be referred to the service?

Parents and carers can ask any professional who knows their child to complete a referral form and send it to the team at Seaside View. Parents and carers are also welcome to contact Seaside View direct for more information.

Who is in the team?

- Keyworkers
- Nursery nurses
- Occupational therapists
- Paediatricians
- Physiotherapists
- PRESENS
- Psychologists / Counsellors
- Social workers
- Specialist health visitors
- Specialist nurses
- Speech and language therapists

Where is the service based?

Seaside View is based at Brighton General Hospital in Elm Grove, Brighton.

The Pre-school Special Educational Needs Service (PRESENS) is based at the Jeanne Saunders Centre in Palmeira Avenue, Hove.

Seaside View links closely with a wide range of other teams and agencies in the city who work with children and families, ensuring effective, co-ordinated planning.

What happens when a child is referred?

All referrals are discussed in a team meeting. Within two weeks of this team discussion you will be sent a letter which explains the outcome of the meeting and also how the service may be able to help.

It is normal practice for staff in the Integrated Children's Development & Disability Service to share information with professional colleagues within the Children & Families service and partner organisations who may be able to help your child. If you do not wish this to happen, please tell us.

If there is a need for a social work service the centre will contact the family within seven working days.
